CAUTIONS

1. The product should be stored in a dry environment and avoid oil, water, moisture and dust etc that may affect the performance.

2. Avoid using stimulus, organic solvents or items containing these ingredients to clean the product.

3. The usage of product should be correct as user manual. Please also pay attention to the influence of environment on the product. In order to ensure steady connection, please keep the distance between the earbuds and phones within 10 meters.

4. If the earbuds are failed to connect or with poor connection, please do not take apart the product or the accessories on your own. Please note we are not responsible for man-made factors.

5. If the charging case battery runs out, charge the charging case first. If charging case battery is normal, then try to clean the charging pin of the earbuds as it may have dust or sweat on them after long use. Please charge the product from time to time if you don't often use it to ensure the battery life.

6. You may experience sound cuts out in Bluetooth® or WiFi surroundings. This is normal.
